

FileManager::FileView

```
graph BT; FileViews[FileViews::Text] --> FileManager[FileManager::FileView];
```

A UML class diagram illustrating inheritance. The class 'FileViews::Text' is shown in a white box at the bottom, and the class 'FileManager::FileView' is shown in a gray box at the top. A blue arrow points from 'FileViews::Text' to 'FileManager::FileView', indicating that 'FileViews::Text' inherits from 'FileManager::FileView'.

FileViews::Text
